OUR GUARANTEE

We aim to fill all orders with only healthy, true to name stock, and will gladly refund the purchase price of any bulbs found unsatisfactory upon arrival and promptly returned to us at our expense. We will not be responsible in any way for the ultimate outcome of the crop, be it flowers or bulbs. Due to the many new dips, insecticides, cultural opinions etc. being practiced, along with soil conditions, all of which are beyond our control, we give no warranty, express or implied, whatsoever.

Our business is built up on our sales to satisfied customers over a period of 26 years. To date we have had no complaints, and our repeat orders seem to justify our ability to furnish our customers with only top quality bulbs for their planting

TERMS

Cash must accompany all orders, however, should you care to send only 25% of the total amount of your order at the time of placing same, we will hold your order for future delivery, at which time the balance of your order must be paid in full. No C.O.D. ORDERS, PLEASE.

On cash order of \$5.00 to \$8.00 select 5% extra in bulbs of your own choosing. From \$9.00 to \$20.00 select 10% in extra bulbs. On orders over \$20.00 select 15% extras. Some of our customers write us they would rather we make the extra selections for them, if that is what you wish, we would be pleased to do that for you. We always put in some thing extra anyway which we think would please you.

Each year more and more Garden Clubs are taking advantage of our quantity rates and pooling their individual orders. This was very noticeable this past season in the ordering of the Small and Miniature varieties which have become so very popular for arrangements. Also for years, Garden Clubs have purchased from our quantity list to divide among their members for projects of their own liking. May we ask, in placing orders for Garden Club Pool orders, you do not ask us to make these orders up in the small amounts to be distributed.

Where prices are quoted as 2 - 25¢ or 3 - 80¢ that is just what it means - - please do not split these offerings. However, where varieties are listed per 10 you may select 5 of the same size at the 10 rate. If ordering small sizes do not ask for less than 10 bulbs where price is quoted 10 - 40¢.

If you order from both the 100 List and the Retail List we will send your bulbs collect, and put in enough extras to offset the transportation of those bulbs ordered from the Retail List.

Please use the enclosed Order Blank in making out your order. It fits in our files. It is advisable that you keep a copy of your order, accidents could happen. Rest assured any order placed with us will receive careful consideration. Satisfied customers have built this business, and we GUARANTEE satisfaction.

A C I D E N T H E R A - - M U R I E L A E

Vigorous growing bulb which grows and handles the same as any Gladiolus. Very sweet scented bloom, borne on a small wiry stem about 2 feet long, having 6 to 8 buds. The florets are star shaped, glistening white with a purple marking at the base of each petal. A real novelty which is worth growing. We offer these in the three trade sizes of Large, Medium and Small as the average Gladiolus understands these sizes.

ACIDENTHERA show up well planted in clusters 8 to 10 to the hill, along edge of perennial beds or among open spots in shrubby plantings, which have a sunny exposure.

Large sizes 3 - 75¢, 6 for 1.20; Medium 3 - 50¢, 6 for 90¢; Sm1, 3 - 30¢, 6 - 50¢.
